FAMILIARISATION VISIT ENERGY ENDEAVOUR

Dear Niels,

I am writing to thank you and Rasmus for arranging the site visit to the Energy Endeavour for our technical and commercial teams yesterday.

Each of our visitors found the trip, time well spent, giving us a better understanding of DUC operations and the challenges faced by the Operator and the Contractor. We look forward to putting our improved understanding to work in support of the partnership.

Please pass this message of thanks on to James and Mark of Northern Offshore who presented a competent and professional image of their organization.

On the evidence observed we are confident that Northern Offshore has the commitment and capability to make the incident free workplace a reality. You can rely on our continued support for any activity aimed at this goal.

An incident free workplace is a sign of a well managed organization.

Yours sincerely,

Shell Olie og Gasudvinding Danmark B.V. (Holland)
Dansk Filial

Nicola Gordon
Managing Director
